The 6th Annual LZ Safety Training Class *Saturday February 14th 2004*

at the:

Shoreline Christian Center
15201 Burnet Rd, Austin, TX 78728

MSET-TX and *STARFlight* are proud to present the Sixth annual Landing Zone Safety Training Class. We encourage all First Responders, Law Enforcement officials, Search and Rescue Teams, Skywarn Storm Spotters, and Amateur radio operators to attend. The class is good for two units of continuing education, upon successful completion of the exam, at no cost. Class will begin at 9 a.m. and go until approximately Noon.

American Eurocopter AS 350B2

This is the newest helicopter in the D.P.S. fleet. This helicopter has a 30 million candle power "Night Sun", FLIR thermal imager, Global Positioning System, a patient litter for medical transports, police radios, and long line / water rescue gear.
